

Weekly Estate Bulletin – Golden Lane Estate.

Week ending 26 February 2016

Estate Matters:

Gt Arthur House Recycling station

The estate office has recently received complaints that some children have been visiting the above area unsupervised and throwing paint around and smashing up discarded bulk items. Although it is not clear whether these children live on the estate or elsewhere, we would ask those residents who have children to ensure that they stay away from this area because this activity as well as causing a mess can also very dangerous to those involved.

Communal Repairs

Crescent House

An electrician attended on 24.2.15 to look into the lighting fault and has ordered a new replacement component.

Basterfield House

Faulty light outside east end lift on the ground floor – This was repaired on 24.2.16

Faulty light outside east end basement shed entry gate – A replacement fitment has been ordered.

Faulty light outside shed 69 – A replacement fitment has been ordered.
